Charlie Parrish.....	Elk Rapids High School
Sydney Robinson .....	Renaissance High School
Christian Sanders .....	Renaissance High School
Rylie Steuer .....	Wayland High School

# Lobbyists

- Lobbyist firms are made up of 8-10 lobbyists. Each lobbyist is responsible for testifying in committees and advocating for their positions on bills to legislators throughout the conference.
- Lobbyists are assigned to a firm based on their interest areas, indicated online.
- On the 1<sup>st</sup> day of the Spring Conference each Lobbyist Firm will determine a name and select a firm leadership.
- Each firm will declare their position on the legislation they are assigned.
- Lobbyists will have the committee, House or Senate advisors sign their copy of the bill that they are lobbying when they testify or visit the sessions.
- An award will be given to the firm with the most points at the end of the conference. There will also be individual lobbyist awards. All lobbyists are eligible for the conference wide awards as listed in Section 1 of the Bill Book.

## Ballot Initiatives

- Lobbyist firms will be able to earn additional points in the competition by creating a ballot initiative.
- Each firm will be tasked with creating at least one petition during the conference. There are three types of petitions to select from: A) An initiative that will either create new or amend existing legislation (MI law OR bills considered by the current conference,) B) An initiative that will amend the State Constitution or C) An initiative that will offer a referendum on legislation passed by the current conference.
- Once the petition is placed on the General Assembly ballot the firm’s role will now shift to campaign for their initiative. This could include working with press to develop a PSA, produce and distribute written materials and general lobbying efforts for their own or against the initiatives of other firms.

TYPE OF PETITION	FILING DEADLINE	SINGATURE REQUERIMENT
Initiative to create new or amend existing legislation	Saturday at Noon	12.5% of total MYIG H.S. participants from previous year (2021 = 35)
Initiative to amend the State Constitution	Saturday at Noon	17.5% of total MYIG H.S. participants from previous year (2021 = 45)
Referendum on legislation	Saturday at Noon	10.5% of total MYIG H.S. participants from previous year (2019 = 28)

# Model Judiciary Program

YMCA MYIG Mock Trials are styled as jury trials with a trial judge presiding. Teams of 4 – 6 individuals compete in a 6 round tournament from Thursday to Saturday. The top four teams compete in semi-finals. On Saturday evening the final two teams will compete for the Conference Championship. The prevailing team at the Early conference will compete against the Late Conference Champion for a state champion title.

## Trial Components

- **Opening Statement** – Made by an attorney from each team
- **Direct Examination** – Witnesses from each side of the trial examined by attorneys from their team
- **Cross Examination** – Witnesses from each side of the trail examined by attorney from the opposing team
- **Closing Argument** – Made by an attorney from each team
- **Evidentiary Issues** – Knowledge of attorneys on the facts of the case, case law and objections and trail procedures
- **Demeanor/Procedure** – Knowledge of the witness statements as well as performance and delivery of the witness portrayed

## 2022 MJP Case – Background Facts

On May 30, 2020, Sam Smith was apprehended at the United States border crossing at the Blue Water Bridge in Bay, Michigan, County of Huron. In Smith's possession at the time was the minor Casey Jones. Casey Jones was removed from the vehicle of Sam Smith and taken into the custody of Agent Kelly McDowell.

Following Smith's arrest, Agent Kelly McDowell presented their investigation to Dudley Duright, the county prosecutor seeking a criminal complaint for the crime of obtaining a person for forced labor or services in violation of Michigan Compiled Laws § 750.462d. The prosecutor authorized the complaint which McDowell swore to on June 11th, 2020 in the 54th Judicial District Court. District Judge Aaron Judge issued the warrant on June 12th. The following day, Agent McDowell arrested Smith on that warrant. The district judge released Smith on a \$50,000 bond.

On June 24th Smith appeared before District Court Judge Fredericka Whitfield for a preliminary examination. After hearing witnesses, the judge found the crime of obtaining a person for forced labor or services was committed that there was probable cause to believe that Smith committed it, and bound Smith over for trial in circuit court. Smith's bond was continued.

Smith appeared before the circuit court on July 30th to enter a plea. Through counsel, Smith entered a plea of not guilty to the felony information that charged the crime of obtaining a person for forced labor or services, and the case was set for trial. Smith's bond was again continued.

## 2022 Witnesses

### PROSECUTION WITNESS – CASEY JONES

Casey Jones is a 16-year-old living in Lansing Michigan. They recently encountered Sam Smith in a truck stop parking lot, before proceeding to obtain a ride out of town from Sam Smith. Prior to crossing the Canadian border, Casey Jones was removed from the vehicle of Sam Smith by FBI Agent Kelly McDowell. Casey states that they were hitchhiking from the truck stop and sought out Sam Smith as someone who would take them over the border. Further into the trip, Casey was prevented from leaving the vehicle by Smith and began to believe something more dangerous was taking place.

### PROSECUTION WITNESS – KELLY MCDOWELL

Kelly McDowell is an FBI Agent for the United States Government. Agent McDowell was placed on the case of a missing child, Casey Jones. Agent McDowell investigated and subsequently issued an Amber Alert. Casey was recovered at the Canadian border. Agent McDowell proceeded with an investigation that Jones was taken against their will and that Smith intended to sell Jones into a forced labor arrangement.

### DEFENSE WITNESS – SAM SMITH

Sam Smith is a truck driver for the S. Lime Trucking Company. Sam Smith states that they agreed to give a ride to Casey Jones, but was deceived by Casey's fake ID believing them to be 18 years old. Sam informed Casey that they would be crossing into Canada and Casey appeared happy with the plan. Upon reaching the border, Sam was detained and questioned. Sam believed Casey to be entering Canada upon their own free will.

### DEFENSE WITNESS – DR. CHRIS CARLSON

Dr. Chris Carlson is an established forensic psychologist with training in interrogation techniques. Dr. Carlson is highly regarded due to their extensive research in forensic psychology and criminal profiling. In the latter months of 2019, Dr. Carlson was tasked with creating a general profile for the FBI in the same jurisdiction where Agent McDowell was investigating human trafficking cases. S. Lime Trucking tracked down Dr. Carlson to evaluate both Casey and Sam in order to determine if Sam's story is to be believed.

# MJP Jury Selection Outline

The meaning of the term "*voir dire*" translated literally, means "See say," but figuratively means "to speak the truth." In common practice, "*voir dire*" describes the process of questioning potential jurors, by judge or litigator, in advance of a jury trial to uncover conflicts, biases or other reasons to dismiss the potential juror.

The voir dire examination will open with a short statement about the case. The purpose is to inform the jurors of what the case is about and to identify the parties and their lawyers.

Questions are then asked by attorneys for each side to find out whether any individuals on the panel have any personal interest in the case or know of any reason why they cannot render an impartial verdict. The court also wants to know whether any member of the panel is related to or personally acquainted with the parties, their lawyers, or the witnesses who will appear during trial. Other questions will determine whether any panel members have a prejudice or a feeling that might influence them in rendering a verdict. Any juror having knowledge of the case should explain this to the judge.

After the questions, the attorneys for each party may ask that a member of the panel be excused or exempted from service on the jury. These requests, or demands, are called **challenges**. There are two types of challenges.

1) A person may be challenged for **cause** if the examination shows he or she might be prejudiced. There is no limit to the number of challenges for cause each attorney panel is allowed to use. The presiding judge(s) will determine if a potential juror will be dismissed from the panel if the cause raised in the challenge is sufficient.

2) The parties will also have three (3) challenges for which no cause is necessary. These are called **peremptory challenges**. The peremptory challenge is a legal right long recognized by law as a means of giving both sides some choice in the make-up of a jury. Jurors should clearly understand that being eliminated from the jury panel by a peremptory challenge is no reflection upon their ability or integrity.

The challenges will be made openly in the hearing of the jury. When a challenge is accepted by the presiding judge(s) that juror will be dismissed and another potential juror from the pool will be selected at random.

The stated goal of *voir dire* is to impanel an impartial jury. However, in the majority of courts that allow *voir dire* questions by counsel, the goal of each side of the case is to get the best jury for their client possible through a process of revealing and eliminating those who are most adverse. Through a combination of dismissals for cause and peremptory challenges, potential jurors are removed from the pool of jurors until a satisfactory jury is selected.

Once the jury is selected they will sit for the conference finals or the state finals of the competition. They will deliver a verdict.

Alexa Whiteaker		Mason Consolidated High School
Benjamin Eikey	Oversight Specialist	Levin Center Staff

## Legislative Oversight Overview

In most states and in the federal government, legislative oversight investigations happen when a problem arises that needs to be solved or addressed. In a lot of cases, legislators conduct oversight investigations because they want to hold someone accountable for what happened. Sometimes they hold other parts of the government accountable, but they may also hold private entities like companies or individuals accountable as well.

**The Levin Center at Wayne Law** supports YMCA MYIG and other YG programs nationally by planning, writing, organizing and running the legislative oversight component at YMCA MYIG. The legislative oversight program is an opportunity for students to conduct and participate in an oversight investigation about an issue having an impact on Michigan today. Students will develop questions to ask a panel of witnesses to determine what the facts are surrounding the case and what can be done to improve on this issue so it doesn't happen again.

This program will be in addition to another role at the conference such as: Legislator, Lobbyist or Governor's Cabinet member.

## 2022 Oversight Topic

### Mental Healthcare Access for Parolees

This year's investigation will center around a person on parole who lacked access to mental healthcare after their release from prison. They were found in possession of medication for their mental health without a prescription, which violated their parole. So they were sent back to prison.

The Oversight Committee met before the conference to determine which witnesses they will call to Lansing. During Saturday of the conference they will meet for two hearings where they will question representatives from the following organizations. Portrayed by volunteers typically from Wayne State Law and YMCA MYIG alumni.

After the conclusion of the second hearing the committee will deliberate and write a proposal to be presented to the YMCA MYIG Legislatures and Youth Governor.

## Committee Names by Round

First Committee	Gerald R. Ford	Robert F. Kennedy	Theodore Roosevelt	George Washington
Second Committee	Kamala Harris	Janet Reno	Condoleezza Rice	Sandra Day O'Connor
Third Committee	Gold		Silver	
General Assembly - All Delegates				

## National Issues Forum Procedures

### 1<sup>st</sup> Committee Procedure

2-minute author opening (1 rap by PO will indicate 30 seconds left, 2 raps, 10)

2 minutes of non-debatable technical and questions of intent, run by the chair

#### **5 rounds con/pro debate (1.5 minutes each)**

2-minute closing speech

1 minute for ranking

*During the author/sponsor speech: You may yield your time, to the Chair or to questions, at any point. After 1 minute, you may yield your remaining time to your closing speech.*

*During pro/con debate: You may yield your time at any point to the chair or questions.  
After the use of 30 seconds, pro speakers may yield your time to the author's summation speech.*

## **2<sup>nd</sup> Committee Procedure**

2-minute author opening (1 rap by PO will indicate 30 seconds left, 2 raps, 10 seconds)

2 minutes of non-debatable technical and questions of intent, run by the chair

### **5 rounds con/pro debate (1.5 minutes each)**

2-minute closing speech

1 minute for ranking

*Yielding rules are same as 1<sup>st</sup> committee*

## **3<sup>rd</sup> Committee Procedure**

2-minute author opening (1 rap by PO will indicate 30 seconds left, 2 raps, 10 seconds)

2 minutes of non-debatable technical and questions of intent, run by the chair

### **5 rounds con/pro debate (1.5 minutes each)**

2-minute closing speech

1 minute for ranking

*During pro/con debate: You may yield to questions at anytime. You may yield to the author's summation speech (pro) or another person only after one minute.*

*In order to yield your time to another speaker, you must tell the Presiding Officer that you will be yielding time to delegate "Smith" before you begin speaking.*

## **General Assembly (GA) Procedure**

4-minute author opening (1 rap by P.O. will indicate 30 seconds left, 2 raps, 10 seconds)

3 minutes of non-debatable technical and questions of intent, run by the Presiding Chair

### **5 minutes of predetermined intent speech, 3 minutes con, 2 minutes pro**

### **5 rounds of pro/con speeches (2 minutes each)**

2 minute closing speech

Vote – Yes or No vote by General Assembly

*During the author/sponsor speech: You may yield your time to the chair at any point. After 2 minutes, you may yield to your summation speech.*

*On a pro speech, you may move to extend debate. You must reserve your right to make a motion before you speak, and make the motion after one minute.*

## **Amendments**

1. Amendments may be made only by the author of the proposal.
2. Amendments must be made before the proposal is considered in the first round.
3. The Author must supply each 1<sup>st</sup> committee delegate with a typed copy of their amendment if it is 10 words or more.

*When I am recognized to speak or ask a question what do I say?*

Presiding Chair: Points to delegate

You: Stand, state your name and YMCA Delegation.

Presiding Chair: Acknowledges your introduction by stating "delegate"

You: Then being your speech, statement, or question.

## **Proposal Ranking**

### **National/International Relevance**

Is the issue of national or international importance? Determining the relevance of a particular issue is subjective. This criterion is partially intended to downgrade proposals that are not national or international in scope (i.e. issues that are purely local or state).

5 = Highly important and very relevant national or international issue.

4 = Important national or international issue moderately relevant.

3 = Somewhat important national or international issue, less relevant

2 = Somewhat important, not as relevant, national or international issue.

1 = Not relevant national or international issue (presents an issue of state or local economy)

## **Feasibility**

Does the proposal provide a practical way of enforcing or implementing the action to be taken? The ideal proposal will provide detailed methods for implementing the suggested policy change(s).

5 = Highly practical and feasible possible of implementation.

4 = Generally possible and somewhat feasible possibility of implementation

3 = There is some potential and feasibility for implementation.

2 = May be feasible to implement, but not very practical

1 = The proposal faces serious obstacles in implementation

## **Evidence of Research**

Is there research cited (either in the proposal, speech or both)? Is it evident that the author has the facts to support the proposal and gives a well-prepared presentation? The ideal presentation would be both informative and well supported.

5 = Goes beyond necessary preparation required to provide informative and supported facts, statistics, and has a thorough understanding of the proposal topic and its ramifications.

4 = Provides a high-level (in quantity, quality or both) of research and preparation

3 = Provides evidence of some research and preparation.

2 = provides some research or preparation but not both

1 = Does not provide evidence of research or preparation.

## **Creativity**

Does this proposal present either a new idea or creative way of looking at a familiar issue? Ideal proposals do both.

5 = Presents a unique concept that is new and innovative and is creative in its approach to that topic.

4 = Less creative idea or topic but proposes a creative or innovative solution

3 = Creative approach to a topic and an innovative plan of implementation

2 = Suggests creativity in the proposal's design, but is not unique or a new concept.

1 = Is not creative in idea or approach

## **Debatability**

Is there ample room for argumentation on the proposal? Does it spark emotional or logistical debate? Ideally proposals will encourage intense and energetic debate on both sides of the issue presented.

5 = Proposal sparks intense and energetic debate on both sides of the issue.

4 = Proposal creates interesting debate on both sides of the issue.

3 = Creates debate on both sides of equally, not very interesting or energetic debate.

2 = Creates debate on both sides of issue, but not equally (one side offers more debate).

1 = Proposal creates little or no debates.

## Other Information

- Proposals will not be moved around on the docket in any committee. The Committee Chair and Presiding Chair will set the docket.
- If you are a successful proposal author, check that you are on the docket in **your** committee room.
- Dockets will be posted in all committee rooms. If you think you are in the wrong place, ask a Chairperson, Officer, or Advisor for direction.
- If you are late to a session, you will not be permitted to rank the proposal being heard or any proposal you have missed. You may only rank proposals you heard argued in their entirety.
- All ranking sheets without five valid rankings will be disqualified. You must rank Preparation and Presentation, Debatability, National/International Relevance, Evidence of Research, Originality, and Feasibility. If you skip a category or rank outside of the 1 – 4 numeric system, your ranking sheet will be disqualified.
